

Certificate of Completion

Aitor Martinez Egurcegui

has successfully completed the course entitled Neural Networks and Deep Learning for Life Sciences and Health Applications.

Course dates: March 2019 to June 2019

Course location: Zurich

The course provided a case-based introduction to the topic using Python and Tensorflow. The content was based on the following book:

U. Michelucci, *Applied Deep Learning: A Case-Based Approach to Understanding Deep Neural Networks*, APRESS, ISBN: 978-1-4842-3789-2

The course included 3 lessons per week over a total of 14 weeks, with a minimum required attendance of at least 75%. In addition, participants were asked to complete homework assignments and a small research project at the end of the course.
