EXPERIENCE

Academic Associate

University of Zurich

Aug 2021 – Ongoing

Zurich

- Data analysis with a focus on Machine Learning and Bayesian hierarchical regression.
- Cloud Computing jobs using Unix-based systems.
- Building NLP pipelines working with language models and using clustering algorithms.
- Teaching Bachelor's and Master's level seminars and lectures.

Research Assistant

University of Zurich

Jan 2017 – Feb 2021

Zurich

- Data analysis with a focus on Bayesian hierarchical regression and time series modeling for eye-tracking and EEG data.
- Data science pipeline: data preprocessing, model selection, and visualization.
- Cloud Computing jobs using Unix-based systems.
- Building web scraping pipelines.

Software Tester

Lionbridge

Oct 2016 – Nov 2017

Cologne

- Software testing, translation and linguistic validation.

Student Assistant

Saarland University

Apr 2016 – Oct 2016

Saarbrücken

- Data collection and participant recruitment for EEG experiments.

Software Developer

DFKI

Aug 2015 – Dec 2015

Saarbrücken

- Debugging, maintenance, and development of the DFKI text-to-speech synthesizer.

Student Assistant

University of Barcelona

Sept 2013 – Jan 2014

Barcelona

- Data preparation and data analysis for speech data.

PROFILE

“Academic associate with 3+ years of experience in data science, natural language processing, AI, Machine Learning, data analysis and regression modeling.”

STRENGTHS

Data science

AI

Machine Learning

Statistics

Data analysis

Regression

Python

R

Github

brms

Sklearn

Pytorch

Pyspark

Docker

Unix

Latex

Vim

R Markdown

Jupyter

Cloud Computing

Bayesian statistics

LANGUAGES

Spanish

English

Basque

Catalan

German

Dutch

Italian

EDUCATION

Ph.D. in Computational Psycholinguistics

University of Zurich

Jan 2017 – Jan 2023

M.Sc. in Computational Linguistics

Student Assistant

VU University Amsterdam

📅 Feb 2013 – June 2013

📍 Amsterdam

- Data collection and data annotation for speech data.

FURTHER EDUCATION

12th Lisbon Machine Learning School (LxMLS)

Instituto Superior Técnico

📅 July 2022

📍 Lisboa

- Monitor: assisting during school talks and helping students programming and implementing AI and NLP algorithms in Python.

Advanced Scientific Programming with Python

University of Zurich

📅 July 2022

📍 Zurich

- Advanced programming summer school organized by the Physics institute.

Advanced Methods and Applications for Bayesian Data Analysis

University of Zurich

📅 May 2022

📍 Zurich

- Intensive course on Bayesian data analysis.

AI and Health workshop

University of Geneva

📅 May 2021

📍 online

- Python-based workshop on AI and Machine Learning applied to health sciences.

9th Lisbon Machine Learning School (LxMLS)

Instituto Superior Técnico

📅 July 2019

📍 Lisboa

- Student at the Machine Learning school implementing AI and NLP algorithms in Python.

Neural Networks and Deep Learning for Life Sciences and Health Applications

ZHAW

📅 Feb 2019 – May 2019

📍 Zurich

- Semester-long course on implementing neural networks for classification tasks with a focus on health sciences.

Saarland University

📅 Oct 2015 – Sept 2016

M.Sc. in Computational Linguistics

University of Malta

📅 Oct 2014 – Dec 2016

B.Sc. in Linguistics

University of Barcelona

📅 Sept 2010 – July 2014

Erasmus Exchange

VU University Amsterdam

📅 Sept 2012 – Aug 2013
